

MAKING TECHNOLOGY WORK

**ANALYTICS**

Our cameras incorporate technology to identify situations. From loitering to people counting and even protecting specific equipment, our cam-

# BOOST YOUR PRODUCTIVITY

Let us watch over your sites and ensure the safety, security and productivity 24 hours a day, 365 days per year.

**SUPPORT**

Our easy pricing includes the service and support our units require. No need to fuel, service or even worry

**VERSATILITY**

Our Surveillance units double as a light tower, eliminating the additional cost for lighting your sites.

**ALL-IN-ONE**

Gone are the times where you had to run cable across the site, simply let us deploy our unit and it's up and run-

## WHO WE ARE

We are an innovative technology company. Security and safety is what matters most to us, that's why we created the Site Guardian, to watch when you can't.

## WHY US?

Our simple flat-rate pricing, the superior technology and our easy deployment without any cables, maintenance or headaches, make our units the ideal site surveillance solution.

## MAXIMIZE SECURITY

The advanced technology we employ offers more than just security. Monitor your site for safety and productivity, to ensure your project is on time without incidents
